2 Agenda

- Backlog 1st Level V&V

- V&V User Story Template

- V&V and Toolchain Workshop in Braunschweig

3 Discussion

- Backlog 1st Level V&V
  2nd sprint completed and 3rd sprint is started. The first storypoints have been earned with second sprint. Grooming of Safety Items is still ongoing. Some assumptions on a possible way to organise the functions have been. The Backlog is visible in the validation repository: https://github.com/openETCS/validation/issues?milestone=11&page=1&state=open

- V&V User Story Template
  Hardi has developed a new User Story template:
  https://github.com/openETCS/validation/tree/master/VnVUserStories/VnVUserStoryTemplate

- V&V and Toolchain Workshop in Braunschweig
  We plan to organise a WP4 / WP7 toolchain workshop. The agenda is currently unde construction:
  https://github.com/openETCS/validation/wiki/Workshop-on-%22Results-on-VnV-and-Second%E2%80%9D#workshop-agenda
  Your feedback and your input is welcome.
